Why are we different?

### Who is muzzleJab Clothing Company?

It is a vision carried out by individuals to help “warriors” and their loved ones who are battling cancer. Founded by a secret service agent who lost his mother, grandfather and uncle to cancer. MuzzleJab is a company dedicated to winning the war by creating value and making a difference for a family member, a friend and for you!

### What is muzzleJab?

MuzzleJab is not just a brand, it is a revolution. MuzzleJab is a progressive clothing company that provides quality gear for those who desire to collectively make a difference in the battle against cancer.

### What does the logo symbolize?

The logo gives life to our brand’s personality and represents our mission, vision and value statements.

- The Shield embodies a warrior going to battle: Confidence, Protection and Prestige.
- The Star represents Guidance, Power, and Courage.

All of these traits are the foundation that help build our warriors for battle. The focal point of the shield is the open star which represents our hope and objective of helping to find the cure.

### Why are we different?

MuzzleJab is not just a clothing company. People love our apparel and trust our company because we experience their timelines and the moments that help shape who they are today. We are committed to producing quality gear that will provide support to military and law enforcement individuals that are battling cancer. To give back to those that are giving themselves; bottom line.

## **Mission Statement**

To provide proactive support to individuals that are on the front line battling against cancer. We must get ready for tomorrow today. Our gear provides the hope and passion to help finding the cure.

## **Vision**

To inspire moments of courage and determination to aid warriors in battle. Individually we can make a difference, collectively we can make a Change!

## **Core Values**

Our dedication is to Family, Country, Team. Through this dedication our values are created. These values serve as the base for our actions and describes our focus for going to combat.

- Passion: Committed in heart and mind
- Leadership: The courage to shape a better future
- Integrity: Be real
- Quality: What we do, we do well
- Family: Creating moral value of togetherness and helping each other, because collectively we make a difference.

## **What Can You Do?**

Many things! Be the brand, stand up and take risks with us. Have the courage to listen, observe and learn. Sport the gear. Participate in events. Spread the word. It shouldn't be a tough decision.
